\*USAF Declass/Release Instructions On File\*

MEMORANDUM FOR: Chairman, Scientific Estimates Committee

SUBJECT : Support of the IAC Standing Committee on Exchanges --  
Priority Scientific and Technical Exchanges with the  
USSR

REFERENCE : Memorandum to Chairman, GMIC from Chairman, SEC,  
Same Subject, dated 21 August 1956, With Enclosures

1. The members of the Guided Missile Intelligence Committee (GMIC) have reviewed, at a meeting on 31 August 1956, the Scientific Intelligence Committee (SEC) recommendations with regard to priority scientific and technological exchanges with the USSR.

2. The Intelligence Advisory Committee (IAC) Standing Committee on Exchanges has requested the GMIC to prepare an evaluation of the US net intelligence gain resulting from an exchange with the USSR in the field of guided missiles. It has been agreed by the members that the requested evaluation presents a complex problem requiring detailed consideration.

3. As the results of GMIC examination of this problem will not be available for several weeks, this would preclude GMIC concurrence (or comment) on the SEC recommendations at this time, as requested in your memorandum. *It is therefore requested that GMIC concurrence be removed from the SEC report.*

*Delete*  
4. The SEC recommendations which deal with guided missiles will provide valuable guidance to GMIC in the preparation of the evaluation of the net intelligence gain from the proposed guided missile exchange.

GEORGE H. WILSON  
Lt Colonel, USAF
